

# Program overview

**Maloy Risk Services, Inc. a leading provider of property casualty insurance to the technology industry is now the sponsored insurance broker for the Technology Association of Georgia. The program has been successfully launched at other technology associations across the country and is now being launched at TAG.**

Andy Piazza, VP of Sales for the Maloy Southeast region will administer the program, which brings several specialty insurers and their niche products to the technology membership providing enhanced coverage specifically for the membership. The following are the four offerings and the Insurers involved in each segment:

**Arch** provides Management Liability Products including Directors & Officers, Employment Practices Liability, Fiduciary Liability, Fidelity (Crime) & Kidnap and Ransom coverage. Offered via Arch's Corporate Canopy Product, which includes coverage parts for each line of insurance. The Corporate Canopy is built for any Private Company.

**OneBeacon Professional Insurance** provides a tailored Technology Professional Liability program that includes Professional & Technology Services Liability, Technology Products Liability, Network Security & Privacy Liability, including Breach Event

Coverage & Media Liability. With primary and excess coverage availability, & limits up to \$10 million, OBPI has the flexibility to design a tailored program to meet the needs of your organization. And, it does so with one convenient application for all coverages.

**Travelers** is your market for technology companies – from start-ups to multi-billion dollar companies. Travelers has been serving the technology industry for over 25 years, our Underwriters, Risk Control Engineers and Claims staff are dedicated to your industry. Travelers provides General Liability, Property, Umbrella, Commercial Auto, Worker's Compensation and International coverage.

**TriPro Managers** using United States Liability Insurance (USLI), provides a turnkey small company offering for companies with fewer than 3 professionals who need Errors and Omissions and small office package policies. Premiums available as low as \$995 with a quick on-line rating and policy issuance with 24 hour turnaround.

Maloy and the TAG continue to look for new offerings and ways to bring value to the membership.
